Caveats: NONE

I mentioned in a call with David and Mark Cowin on Friday that Mike N was in Long Beach, that I would try to call in and that you would likely attend. There was no reservation of issue.

Best
Paul

Hi Paul,

EPA wasn't really invited to this meeting. If you and Mike think it important for me to be there for both EPA and Corps I could follow up with Nawi and ask if I can attend. I would not speak for the Corps but could explain CWA Section 404 requirements for Delta Conveyance or more broadly for the programmatic elements.

Erin

In a call this morning, David Nawi again made the plea that the Corps attend this meeting next Tuesday morning with ICF. I told him I would try to call in, that Nepstad was in Long Beach and that I believed you were going to attend. Do I have it right?

On a related topic, I need to better understand the connection of the NEPA EIR/EIS to the LEDPA for the Site Specific conveyance (North Delta Diversion) for the Section 404 Permit decision (Item 4 on page 3 of the MOU and its LEDPA tie in to the EIR/EIS serving as means for NEPA & CEQA compliance).

Thanks

Paul

I think it would make sense for someone from the Corps to attend the meeting below (it is in the a.m.). This will be an important meeting to discuss with the new consultant (ICF) the process and timing for moving ahead with the BDCP Effects Analysis and the EIS.

Hello David,

Chuck asked that I reach out to you to regarding the upcoming 5 Agency Meeting this Tuesday, June 28th. Do you happen to know who will be attending from the Federal Lead Agencies?

Thank you,
